presents:

## **Committed to Caring**

### **Screening and Treatment Goals for HIV/HCV Co-infection**

Friday, July 16, 2010  
11:30 AM – 1:00 PM

Guest Presenter:

**Hilda Ortiz Morales, NP, MSN, PhD**

Hilda Ortiz Morales is the HIV/HCV Program Coordinator for the Montefiore Medical Center at Albert Einstein College of Medicine in New York .

---

Hepatitis C is increasingly common among the HIV community. Routine screening and prevention, as well as effective treatment options, will be discussed. This is a timely topic for caregivers, and promises to be an informative hour-long session.

*No CEU credits are associated with this month's CTC*
